EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Timothy Klima on 11/13/2007.

The application has been amended as follows:

Title has been changed to -- SYSTEM FOR FORMING CONTIANERS --.

In the Specification:

Delete ", of whichclaim 1 appended", page 1, lines 3-4.

Delete ", of whichclaim 1 appended", page 5, lines 4-6.

Insert title -- BRIEF DESCRIPTION OF DRAWINGS --, before "The invention", line 1, page 4.

Insert title -- DETAILED DESCRIPTION OF THE INVENTION --, after "side elevation", line 16, page 4.

In the claims:

Replace claim 1 as follows:

-- Claim1:

A system, for forming containers for food products, comprising:

a first feed station by which a continuous strip of a forming material is directed along a predetermined feed path;

Application/Control Number: 10/521,096 Page 3

Art Unit: 3721

a main reel rotatable about a relative longitudinal axis, from which the strip is decoilable along the feed path;

a circular conveying mechanism;

a second feed station supplying a single file of tubular elements generated from the strip along a respective feeding direction on to the circular conveying mechanism;

sealing means, positioned along a path of said circular conveying mechanism operating on a first open end of each tubular element in such a way as to enclose the first end;

a feed mechanism transporting the tubular elements to said circular conveying mechanism along a respective transportation direction;

said circular conveying mechanism comprising at least one wheel rotatable around an axis between a first position of reception of the tubular elements and a second position of alignment of the tubular elements with the sealing means, said axis being perpendicular to the feeding direction and to the transportation direction of the tubular elements in the proximity of the wheel, said feeding direction being parallel to the transportation direction. --.

Replace "A", line 1, claims 2-10 with -- The --.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: The German Patent in combination with Nishio ('028) fail to disclose the claimed system for forming containers, including a second feed station supplying a single file of tubular elements to a wheel (round mandrel) in a direction parallel to a transport direction of tubular elements and

Application/Control Number: 10/521,096 Page 4

Art Unit: 3721

the wheel is rotating around an axis, which is perpendicular to the feeding direction and the transport direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hemant M. Desai whose telephone number is (571) 272-4458. The examiner can normally be reached on 6:30 AM-5:00 PM, Mon-Thurs..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rinaldi I. Rada can be reached on (571) 272-4467. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
